**Make Norwegian your career destination as a Vacation Planner - HOME BASED POSITION!**

## WHAT IS A VACATION PLANNER?

The Vacation Planner is a **HOME BASED** position and an exciting entry-level position that works to make people's vacation dreams come true. The position serves as the "voice" of Norwegian Cruise Line and is the first point of contact for most guests and travel agents, or "travel partners". The Vacation Planner works within a telephone call center answering incoming calls to identify the callers' needs and sell the Norwegian products that match their vacation plans. Vacation Planners successfully perform these tasks by providing excellent customer service, utilizing their telephone communication skills and entering data into Norwegian's reservation system.

Don't miss out on a chance to begin a successful career in a fun industry with great benefits!

Class Starts April 28, 2014! **HOME BASED** between 3-6 months with successful performance! \$10.00-12.00/hour
